Hosted by Robert Friedler, BLIAQ

South Bank Parklands**

So whose birthday are we celebrating anyway?

Was the Buddha a real person?

Why did he reject his princely palace lifestyle  
to live alone in the forest?

Why does he look fat in some  
statues and skinny in others?

Recently judged the 4th  
most influential person in  
history, the Buddha's life is  
an interesting story with  
meaning for modern times.

Bring questions and  
an open mind.
